## **How long it take to show result?**

Normally, with weight loss pills, results can be apparent within a couple of weeks, but with Biotox Gold, you need to wait a couple of months for some results.

This is because Biotox Gold supplement is totally natural, and doesn't rely on chemicals to help you lose weight. The flip side of a natural supplement is that it takes time to show results. So, if you're patient and you use the supplement regularly, you may see results within 90 days.

## **How long do result stays?**

The results of Biotox Gold may take time to be apparent, but they will stay for at least 1 to 2 years.

As stated in this Biotox Gold review, Biotox Gold supplement has a long-term benefit on the human body and does not fail to show results provided you stick to the recommended dosage and follow all other instructions accordingly.

## **From where to buy biotox gold and how much it costs?**

Unfortunately, supplement is only available on its [official website](#) only. According to manufacturers it is due to maintain quality and discourage fake products.

For a limited period and for limited stock, biotox gold is available on discounted price.

### **Here is limited time available plan**

1- 1 bottle basic plan – \$79 + free US shipping

2 – 3 bottles popular plan – \$165(\$55 per bottle) + free US shipping + 1 bonus

3- 6 bottles best value plan – \$252(\$42 per bottle) + free US shipping + 2 bonus

Among the three available packages, the 6-bottle plan seems to offer the best value for your money, as you get each bottle of the supplement for the lowest price. You also get 2 free bonuses with this package.

Nonetheless, the 3-bottle plan also looks like a fair deal and seems like the most popular plan given that you are required to take the supplement at least for 3 months to get the best results.

However, since the supplement comes with a 60-day, 100% money-back guarantee, which package you choose wouldn't make much of a difference anyway. So the logical option would be to choose the largest available pack.

But be aware that the refund is applicable only if you buy Biotox Gold from the official product website. The reason I say this is because there are a few fake websites and third-party stores out there that are selling fake products that use the same or similar names and likenesses.

There is every chance that these fake supplements could cause serious health concerns. So make sure you get Biotox Gold only from the official website.

I have shared below link to the official website so that you can be safe and sure and get 100% original product.
