## What is Blood Sugar Blaster?

**Blood Sugar Blaster** is an advanced blood sugar formula that has been created for individuals with diabetes.

The formula eliminates three invisible enemies of type two diabetes and [restores normal blood sugar levels](#).

The formula is a mix of several different ingredients that have been mentioned in ancient Indian texts.

Thus, the ingredients have been derived from plants, exotic flowers, and fruits that provide vitamins, minerals, and nutrients that are necessary to heal your body from the inside out.

It increases insulin sensitivity, boosts fat loss, and helps in maintaining healthy blood sugar levels.

**This formula is pure and free from toxins and other dangerous chemicals.** This is what makes Blood Sugar Blaster so effective and safe to consume.

Hence, this tablet is for those individuals who are suffering from diabetes. It is designed to treat individuals right from the pre-diabetes stage to individuals with diabetes.

Every container of Blood Sugar Blaster contains 60 capsules and each container is a month's supply.

All you have to do is, take two capsules of Blood Sugar Blaster, that is one in the morning and one before bed daily. Following this simple 5-second ritual every day will help you live a diabetes-free life forever!

## How does Blood Sugar Blaster work?

The Blood Sugar Blaster effectively helps in controlling blood sugar levels in individuals with type 2 diabetes.

This formula is based on the writings of an ancient Indian doctor who describes “three invisible enemies” of high blood sugar levels.

In other words, these are the three main causes of type two diabetes. **The first enemy is the overreactive nature of the lipids that hijack the pancreas.**

This leads to inflammation and irritation in the cells, that in turn causes high blood sugar levels. The second invisible enemy is fat deposits in the liver or in simple terms “fatty liver”.

Excess fat causes the liver to respond poorly to insulin and thus, more glucose is produced in the body.

This excessive fat built up causes poor insulin-producing cells and hence, increases the levels of blood sugar.

Thus, this is the second cause of high blood sugar levels and diabetes. The third and last enemy of diabetes is Low Beta Cell Production.

The main function of the beta cells is to produce and secrete healthy amounts of insulin that is responsible for glucose regulation in the body.

**However, in individuals with type two diabetes, the beta cells stop functioning and eventually fade away.** Hence, to get the blood sugar levels back to normal, the production of beta cells is necessary.

The blood Sugar Blaster contains natural ingredients that help by eliminating its root cause.

These ingredients are a combination of fruit, flower extracts, and vitamins and minerals that help by bringing the blood sugar levels back to normal.

Thus, the Blood Sugar Blaster works by eliminating the three enemies and restoring the blood sugar levels.

# Supplement Facts

Serving Size: 1 Capsule

Servings Per Container: 30

	Amount Per Serving	% Daily Value
Vitamin C (Ascorbic Acid)	50 mg	56%

#### **Other ingredients:**

- **Vitamin C (Ascorbic Acid):** Vitamin C helps by improving insulin secretion and synthesis.
- **Vitamin E (as D-Alpha Tocopheryl Succinate):** Vitamin E has proven to be beneficial to control blood sugar levels. It also improves glycemic control.
- **Biotin:** Biotin has been proven to be effective in improving control over blood sugar levels and reducing insulin resistance in the body.
- **Magnesium (as Magnesium Oxide):** This ingredient is important for healthy blood sugar regulation and reduces insulin resistance.
- **Zinc (as Zinc Oxide):** This ingredient promotes the production of a hormone called leptin, which is important to help you feel fuller and prevent weight gain.
- **Manganese (as Amino Acid Chelate):** This ingredient assists in producing pancreatic enzymes. It ensures that the pancreas function efficiently and thus supports blood sugar levels.
- **Chromium (as Amino Acid Chelate):** This ingredient is important to improve insulin sensitivity and lower glucose levels, especially in individuals with type 2 diabetes and those in the pre-diabetic stage.
- **Vanadium (Vanadyl Sulfate):** This ingredient is a unique trace mineral that provides additional support in maintaining blood glucose levels.

#### **Pros**

- Blood Sugar Blaster promotes healthy levels of blood sugar.
- It promotes energy production.
- It maintains optimal levels of insulin sensitivity.

- It helps in deeper relaxation and provides restorative sleep.
- It maintains healthy levels of blood pressure and cholesterol.
- It is backed by a 60-Day 100% money-back guarantee.
- It comes with two free bonuses.

## Cons

- This product is available for purchase only on the official website.
- The discounted prices are available for first-time users only.
- The product contains natural ingredients, hence it should be made sure that you are not allergic to any of the ingredients.
- Individuals with pre-existing health conditions must consult a doctor before consumption.

**Richard F,  
Seattle, Washington:**

"I was diagnose with high blood sugar recently for the first time in my life. I'm 48yrs old. Diabetes runs in my family. I never knew I would get it, nevertheless my doctor said it was at an all-time high 275+and I need to be on meds. I rejected the doctors offer and ask if he can give me a month to get it under control and get it rechecked. I ordered blood sugar blaster and started taking it together with my diet. My doctor gave me the tester to check my blood level at home. After a week of taking it 1 in the morning before breakfast and 1 in the afternoon before lunch. I would check it in the evening. Surprisingly it was at 102,105 and one time at 98. And after I eat dinner it would go up to 120-128 depending on what and how much I eat. Fast forward a month later I went back for my recheck and it was normal. Doctors advice if I keep up with whatever I'm doing healthy eating and exercise I'll be fine. It really works!! I'll be ordering another bottle soon."
