What Is Included in Mend the Marriage

Here are a few sections included in the course that will help you heal your marriage and bring your spouse closer:

Getting Started Video: This is the first part of the course that you will watch, and it will help you understand the mistakes you have been making and ensure you change. According to Brad Browning, there are 3 Marriage Murdering Mistakes many people do not realize it's killing their relationship. They include:

Mistake No.1: Believing you can talk your way out of a marriage crisis.

Mistake No.2: Don't beg or plead. Take the first step in rebuilding your marriage.

Mistake No.3: Reminding your spouse of all the problems affecting your marriage.

Mend the marriage will help you suppress all the negative emotions and [make your spouse fall in love with you again.](#)

The Forever Phrase: Learn a phrase that will tap into your spouse's memory bag, allowing him to let go of all the negative feelings and hurt in the marriage. You will also know what to do if your partner keeps resisting the marriage and how to read their mind to know what they want. Mend the Marriage also allows you to make your partner believe the idea of apologizing was theirs.

Dispute Diffusing System: Stops arguments and conflicts in their tracks. This section teaches you how to use smooth words to ensure your marriage stands the test of time.

Forgiveness Techniques: If cheating and jealousy have been the problem in your relationship, this technique will help you get your partner to beg for forgiveness and promise to stay faithful and committed.

Connection Account: This explains how to divorce-proof your relationship and maintain a lifelong bond with your partner.

Big 6 Bond Builders: Includes simple and powerful actions to help your partner forget about all the uncertainties they have about your marriage. [It also allows them to feel intimate and closer to you than ever.](#)

How to Divorce-Proof Your Relationship According to Brad Browning

Brad Browning does not only talk about the three Marriage Murdering Mistakes in his Mend the Marriage course. He also provides three powerful ways to divorce-proof your relationship and ensure it lasts for a lifetime. These methods are:

Use Immediate Impact Action: This allows you to change how you communicate with your spouse. It also eliminates the stress, negativity, and anger plaguing your relationship. The Immediate

Impact Action includes psychological tactics you can use to trigger a chemical process in your partner's brain, allowing them to remember how they felt when they first met you.

Stop Using Logic and Reasoning: According to Brad, logic and reasoning will not help revive your relationship. You need to tap into your partner's emotions using the Emotional Control Centre. It allows you to bypass your spouse's psychological defense mechanism, making them rediscover the love and chemistry missing in the relationship.

Use the Big 6 Bond Builders: The course includes a section where it talks about the six bond builders to keep your marriage alive. It ensures your spouse never thinks of leaving you again and [provides you with techniques to divorce-proof your marriage.](#)

Mend the Marriage Bonuses

When you purchase Mend the Marriage program, you will get three exclusive bonuses to help tackle marriage issues wisely. These bonuses include:

Bonus 1: Money Matters Guide

As mentioned earlier, financial problems are one cause of divorce. Fortunately, you have this guide to help you see how you can deal with financial issues to avoid hating each other.

Bonus 2: The Infidelity Survival Guide

Brad reveals that faithfulness and trust is the key to a long-lasting relationship. He encourages couples to avoid assuming their partners are cheating and provides a solution for dealing with unfaithfulness and infidelity in marriage. This bonus is a must-read for all couples.

Bonus 3: Children and Divorce eBook

Children are normally the most affected when a divorce occurs. This is why Brad wrote this guide to help parents know the right stages of a divorce and how they can prevent it from affecting their kids.
