## What is Spinal Force?

Spinal Force is a supplement that is designed to support your back and spine. The supplement is marketed as a natural way to help you get rid of back pain. The supplement contains a blend of ingredients that are said to provide relief from back pain.

The back support formula is derived from ancient Chinese tradition where they have been using the same ingredients for centuries to treat back pain. These ancient herbs and plant extracts help to solve multiple backache issues including upper back pain, lower back pain, and sciatica.

The bottle comes in the form of capsules. Each bottle has 60 capsules that you need to take orally with water. The capsules are easy to swallow and digest. You need to take 2 capsules per day for best results.

## How Does Spinal Force Work?

The working of the Spinal Force is based on the principle of Traditional Chinese Medicine. This ancient system of medicine uses herbs and plant extracts to treat various health issues.

The way Spinal Force works is by using a blend of ingredients that are designed to support your back and spine. The ingredients in the supplement are said to help you get relief from back pain.

People face a lot of spinal issues like herniated disc, sciatica, upper back pain, lower back pain, etc. These problems start from the age group of 30 and it gets worse with time if not taken care of. So, to prevent these issues one must have a good posture while sitting, working, or even sleeping. A lot of times we do not realize how important is to have a good posture for our spine.

Sometimes the chronic backache pain becomes so serious that it hampers our daily routine work and we are not able to do anything. Even simple things like picking up something from the floor or bending become very difficult. In such cases, people generally consult a doctor or a physiotherapist who will help them with some exercises or suggest some painkillers.

Spinal Force is one such product that uses the power of magnets to heal your back pains. It is a dietary supplement that you can easily carry around with you wherever you go and swallow easily.

## Ingredients of Spinal Force:

Spinal Force claims that it has used ancient Chinese herbs and plant extracts in its formula. These herbs have been used since ancient times to treat spinal issues to support a healthy spinal cord.

The ingredients are as follows:

- Corydalis Lutea
- Passionflower
- Marshmallow root powder
- Prickly pear
- California Poppy Seeds

Let's see how these ingredients help in a healthy spine.

### Corydalis Lutea:

This is an ancient Chinese herb that has a sedative effect. It helps to relieve the pain and also acts as a muscle relaxant. It works by inhibiting the pain signals from going to the brain and helps to reduce the inflammation.

Scientifically speaking, it works by inhibiting the cyclooxygenase-2 enzyme (COX-2) and thus reducing inflammation.

### Passionflower:

This is a herb that has a calming effect and helps to relieve stress and anxiety. It also has a muscle relaxant effect which helps to ease the pain.

The passionflower is a climbing vine that is native to the Americas. The plant is also one of the most popular herbs for medicinal use, due to the high concentration of active compounds in the leaves and flowers.

Passionflower has been used to treat a wide range of conditions, including anxiety, insomnia, seizures, and muscle spasms. It is thought to work by increasing levels of gamma-aminobutyric acid (GABA) in the brain, which has a calming effect.

### Marshmallow root powder:

The [marshmallow root powder](#) is derived from the *Althaea officinalis* plant and has been used for centuries in traditional herbal medicine. The mucilage content of marshmallow root powder makes it a soothing agent for the digestive tract.

The marshmallow root powder is also a rich source of antioxidants and has anti-inflammatory properties that are helpful in back pain.

### **Prickly pear:**

Prickly pear is a fruit that is native to Mexico and the southwestern United States. It has been used traditionally to treat a wide range of conditions, including diarrhea, indigestion, and inflammation.

The active compounds in prickly pear include flavonoids, tannins, and mucilage. These compounds work together to provide relief from inflammation and pain.

### **California Poppy Seeds:**

California poppy seeds are derived from the *Eschscholzia californica* plant and have a long history of use in traditional medicine. The seeds of the plant are used to make a tea that is thought to help treat anxiety, insomnia, and pain.

The active compounds in [California poppy seeds](#) include alkaloids, flavonoids, and tannins. These compounds work together to provide relief from pain and inflammation.

Passionflower, marshmallow root powder, prickly pear, and California poppy seeds are all effective herbs for treating back pain. These herbs work by reducing inflammation and pain. All these Chinese herbs work together to support a healthy back allowing you to keep operating a normal life easily.
