

# TheyaVue Reviews - Should You Buy or Fake Eyesight Vitamins Formula?

Vision is fundamental but can be easily overlooked until something goes wrong. Without healthy eyes, you can have difficulty doing basic things like driving, reading, walking, cooking, and shopping. The eyes are one of the body's most essential organs, and we need them daily. That is why it is crucial to find natural eye solutions to make them function properly and effectively.

As you age, your eyes become blurry, and you may develop eye conditions such as macular degeneration, glaucoma, cataracts, etc.

With [TheyaVue](#), it is easy to support your eye health, regardless of age and eye condition.

The supplement contains natural ingredients proven to support your vision and overall wellness. Read on to discover what TheyaVue uses and why it is highly recommended.

## What is TheyaVue?

TheyaVue is a natural eye-support formula designed to improve your eye health using special vitamins and nutrients incorporated into the formula. The formula contains 24 potent compounds carefully selected and scientifically proven to help treat eye problems from the root cause.

TheyaVue uses a 3-second finger trick to address the underlying cause of your vision problems. This secret method is believed to sharpen blurry eyesight, improve long-distance vision, and boost low-light visibility.

The roots, vitamins, herbs, minerals, and antioxidants in the TheyaVue formula also play a crucial role in ensuring your blood circulation is top-notch, which is very important for your eye health. The ingredients also help prevent eye damage while treating eye conditions like cataracts, glaucoma, and age-related macular degeneration.

[Both women and men can use TheyaVue for eye health.](#) The formula is easy to use and 100% safe, as it has been laboratory tested and manufactured in an FDA-approved facility under strict and sterile conditions. TheyaVue does not cause any side effects, pain, or allergies. It is 100% pure and effective.

## Cons

TheyaVue is only available on the [official website](#)

Results may vary between users

If you have severe health conditions, you may need to seek advice from your physician before using TheyaVue.

The discount placed may not last forever

# How Does TheyaVue Work?

As you age, your eye's functionality begins to decline gradually. This is because cells in your eyes start to die due to oxidative stress and free radicals, which are the number one threat to eye health. Many diets and even the environment contain a lot of toxins, which enter our bodies, creating free radicals.

These free radicals accumulate around the eyes, leading to dry eyes, blurry vision, eyestrain, and vision loss. Thankfully, one can always restore their eyesight using proven, natural, and tested methods, like TheyaVue eye solution.

TheyaVue is filled with antioxidants, an excellent remedy for combating free radicals in the body. The antioxidants in TheyaVue will help protect your eyes against environmental pollutants, food toxins, and excessive ultraviolet light. This, in turn, will ensure you do not experience swelling, inflammation, or free radical buildup.

TheyaVue also helps to boost blood circulation throughout the body and retina, ensuring all the essential nutrients are carried to the eye. This helps boost night vision and overall wellness. With TheyaVue, you can easily prevent further eye damage from happening. All the ingredients used in the formula focus on supporting and improving your eyesight.

Biotin	400 mcg	1,333%
Magnesium (as Magnesium oxide)	20 mg	5%
Zinc (as Zinc oxide)	16 mg	145%
Selenium (as Selenium AAC)	4 ug	7%
Copper (as Copper gluconate)	1 mg	111%
Chromium (as Chromium picolinate)	1.8 mcg	5%
Proprietary Blend	240.5 mg	*
Lutein, Bilberry Extract (Vaccinium myrtillus) (fruit), Alpha Lipoic Acid (ALA), Eyebright (Euphrasia officinalis) (herb), Zeaxanthin, Quercetin (Sophora japonica) (bud), Rutin (Sophorae japonica L.) (flower), L-Taurine, Grape Seed Extract (Vitis vinifera L.) (seed), Lycopene.		
* Percent Daily Values are based on a 2,000 calorie diet. † Daily Value not established.		
Other Ingredients: Cellulose (Vegetable Capsule), Rice Flour, Magnesium Stearate, Silicon Dioxide.		

Lutein

Lutein belongs to the carotenoid family of antioxidants. Carotenoid is a plant chemical typically found in the cells of various plants. The compound is essential for your vision health, as it helps to suppress inflammation while fighting off the free radicals accumulated around your eyes.

Lutein is also responsible for protecting the eyes against UV rays and treating macular degeneration and cataracts. [A 2011 study on eye health](#) revealed that lutein helps prevent the progression of late age-related macular degeneration. Aside from that, it helps prevents glare impairment and cell loss linked to eye diseases and improves visual contrast sensitivity.

## Zeaxanthin

Zeaxanthin is another carotenoid filled with antioxidants. It is excellent for protecting the eye against harmful UV light rays. The compound rejuvenates and restores dying eye cells, protecting your eyes from free radicals. Zeaxanthin is also known to prevent eye diseases while providing sharper and clear vision.

## Calcium

Calcium is a mineral that is needed to maintain and build strong bones. When taken in the right amounts, it can also support heart nerves, essential for pumping blood throughout the body. Your muscles also need calcium to function optimally. [Studies](#) also show

that people who consume a lot of calcium are less likely to develop age-related macular degeneration.

## Zinc

Zinc is usually found in many plants and animal foods. However, the body may fail to absorb enough zinc from food to support eye health. This is why TheyaVue has incorporated it into its formula. Zinc is suitable for maintaining eye cells, retinas, and the overall structure of the eye. The compound also promotes healthy inflammatory responses, improves immunity, and prevents age-related diseases like AMD.

## Bilberry Extract

Bilberry extract is another compound high in antioxidants, vitamins, and anthocyanins. Antioxidants are known to help in fighting free radicals and oxidative stress that may potentially cause cancer. This also makes it suitable for eye health, as it prevents and eliminates free radical buildup around your eyes. Bilberry extract is also ideal for blood sugar and heart health.

## Vitamin C

Vitamin C is an antioxidant that can help prevent age-related eye diseases, including cataracts and macular degeneration. It also supports the immune system and helps ward off infections. Vitamin

C also allows your body to make collagen, which is essential in preventing rapid aging.

## Vitamin E

Vitamin E is a powerful antioxidant that can help protect your eyes from damage caused by free radicals and other environmental factors. The compound helps to maintain healthy cells and is crucial for your brain, blood, and skin.

## Rutin

Rutin is a phytonutrient and bioflavonoid used for centuries to boost blood flow and metabolism and strengthen the heart. It also helps improve blood flow to your retina, allowing your cells to regrow. It also helps in protecting the eyes from excessive sunlight.

# How to Use TheyaVue for Maximum Health Benefits

TheyaVue is an effective formula that will work for you regardless of gender, age, or body type. It has been manufactured using the best ingredients from organic plants grown without chemicals. One bottle of TheyaVue contains 60 capsules. The manufacturer recommends taking two capsules daily with water 30 minutes before eating.

It is essential to follow the instructions provided to avoid side effects. After taking TheyaVue, you might experience results after 2 to 3 weeks. But if you have severe eye problems, it may take a few more weeks to see results. TheyaVue should be consistently taken for at least 3 to 6 months for the best results.

Children below 18 years, including pregnant and lactating mothers, should avoid using TheyaVue. In addition, if you are taking prescription medication or are being treated for any serious medical issues, you should consult your physician before use.

## Why Should I Use TheyaVue?

### It is an All-Natural Supplement

TheyaVue uses 100% natural ingredients to rejuvenate and restore your eyesight. It will provide you with clear, sharper, and healthy vision naturally and safely.

### It Has Been Tested for Efficacy and Purity

All the ingredients used have been clinically and scientifically tested for safety, purity, and potency. Before every batch is released, they thoroughly inspect it to ensure it is 100% safe for human consumption.

### It Supports Overall Eye Health

TheyaVue has been mainly designed to improve vision health. It comes with various eye health benefits, including:

It minimizes fatigue and eyestrain

It provides anti-inflammatory properties and eliminates free radicals

It repairs and restores eye cells

It supports color pigmentation and promotes healthy night vision

It prevents further eye damage

It reduces vision loss, dry eyes, watery eyes, and blurry vision.
